

RHINO UC[®] MODULAR CARPET

Rhino UC[®] modular carpet tiles are designed to stay on the floor with no upcurl, tapping or rippling. Our square tiles are easier to handle, install and maintain. They install with just 3-4% waste and as little as 2% compared to an average 15% for traditional roll carpet. It has been widely used for commercial applications such as offices, banks, retail units, public buildings, schools and health care centers. Rhino is committed to delivering superior carpet tiles in terms of quality, durability and designs through our continuous innovation.
